A message
from President Tarhule

Dear Friends,

I am pleased to present the draft of Illinois State University's new strategic plan, *Excellence by Design: 2024-2029 – The Strategic Plan for Illinois State University*. This new plan is a shining example of our commitment to shared governance, with faculty, staff, students, and campus stakeholders playing an active role in contributing to the creation of this document. Guided by a strong foundational design and building on our current strategic plan, *Educate • Connect • Elevate: Illinois State—The Strategic Plan for Illinois’ First Public University 2018-2023*, the draft plan emphasizes Illinois State’s commitment to excellence through continued improvement to shape an exciting future.

A 22-member task force was commissioned in the fall of 2022 to review, revise, and update our strategic plan. Through campus consultations, stakeholder feedback, and thoughtful analysis, the task force updated Illinois State’s mission and vision statements and core values for an evolving era. Goals and objectives are outlined within four Strategic Directions that inspire and prioritize success for the next five years.

We received endorsement of *Excellence by Design: 2024-2029* from each of the University's shared governance groups, and I now request formal approval from the Illinois State University Board of Trustees. *Excellence by Design: 2024-2029* will serve as a practical guide for all units within the University for planning and resource allocation decisions, while also providing actionable tracking for our stated goals. This plan will guide Illinois State as it forges a new educational path across the next five years. I, along with the rest of the University community, look forward to taking this journey with our Redbirds. After all, excellence does not just “happen” at Illinois State University, it is there by design.

Respectfully,

Dr. Aondover Tarhule
President, Illinois State University
Introduction

Welcome to Excellence by Design: 2024-2029, the strategic plan for Illinois State University. Strategic planning has been at the forefront of the University for several decades and has guided it through growth and success as a nationally recognized leader in higher education.

The University finds itself uniquely positioned to build and expand on the successes of our rich past to take the necessary steps to respond to the needs of future students while still providing our inimitable Redbird culture and learning experiences.

Since our founding as a modest normal school in 1857, Illinois State University has continually evolved to meet the growing needs of students from the state of Illinois and beyond. Expanding on its founding mission to educate the next generation of teachers, Illinois State University provides higher education in multiple disciplines to meet the complex demands of a continually changing world.

This plan is the next phase in our maturation as an institution of higher education and charts a course for expanding our efforts for continuous improvement through collaborative, designed excellence.

After spending a year in extensive consultation with campus stakeholders and community partners, the task force crafted a strategic plan that serves as a broad document, intended to create a guiding framework for all university divisions, colleges, and units to further our shared vision. The strategic directions and the core values they convey are inspired by our campus partners and are instrumental in the next phase of Excellence by Design.

While the strategic directions, goals, and objectives are flexibly crafted to allow campus partners latitude to accomplish them, divisions, colleges, and units will come together to develop specific actions for each goal of the plan, as well as coordinate the metrics for both accountability and success. In this way, Excellence by Design is a plan that truly embodies Illinois State University’s rich history and commitment to shared governance, bringing all of campus together to accomplish, as President Richard Edwards so eloquently stated in 1867, the “grandest of enterprises.”

Excellence by Design serves as a dynamic strategic plan, with flexible actions that will adjust, grow, and refine as goals are met and conditions change. Excellence by Design seeks to ambitiously strive for growth and success in new endeavors, while continuing to provide the quality education and fiscal responsibility that Illinois State University is known for.

This document is the result of extensive input from the campus community (see Appendix A), including surveys, forums, and group discussions. The engagement in this process from all university stakeholders—students, faculty, staff, alumni, community friends, and partners—is a shining example of Illinois State University’s current success and heralds our future achievements.

Planning and Consultation Processes

In the fall of 2022, a Strategic Planning Task Force (Appendix B) was appointed by the Illinois State University president to develop a new strategic plan for Illinois State University. The task force was charged to build upon the previous university strategic plan, *Educate • Connect • Elevate: Illinois State*, and look for opportunities to further advance Illinois State as a premier institution within the state and nation. The task force was further charged to consult with campus partners and local community and business leaders to help inform the strategic plan’s direction.

In the spring of 2023, the task force sought input from students, faculty, staff, alumni, and community members through a survey, group discussions, and presentations from campus partners. Approximately 17,000 unique responses were collected and reviewed. This information provided the foundation for the development of the new strategic plan draft, *Excellence by Design: 2024-2029*.

In the fall of 2023, the task force again sought input from the same constituencies on the strategic plan draft, offering opportunities to provide feedback through a survey, group discussions, and open forums. The task force carefully reflected on the feedback received and made revisions to the strategic plan draft.

*Excellence by Design: 2024-2029* received approval from the President’s Cabinet to move forward and seek endorsements from the Illinois State University shared governance groups before it is ultimately presented to the Illinois State University Board of Trustees for final approval in May 2024.
